What to Expect

We pride ourselves in taking our time to discuss your wants, needs, do's and don't's of your wedding day. This starts with a pre-wedding consultation. This is a great opportunity to ensure us that we understand your vision,

We focus on the capturing intimate moments. Candid moments, posed portraits, and detail shots. We bring our creative vision to your photos

To ensure a smooth experience, it's essential to communicate your expectations clearly with Missysure Photography before your wedding day. Discuss the shot list, specific moments you want to capture, and any special requests. Additionally, be prepared to follow our guidance on the day itself to help us capture the best possible photos of your wedding.

Our Services

We are happy to capture your entire wedding day from start to finish.

We offer our couples a choice to choose from different collections that best suits them.

About Us

Our approach to wedding photography is rooted in a deep passion for storytelling.

We don't just take pictures; we craft narratives. Every click of the camera is an opportunity to weave together the threads of your love story, creating a visual masterpiece that reflects the joy, love, and connection you share.

I'm Autumn, You may call me Missy. I'm the creative force behind MissySure Photography. With years of experience in the world of photography and a keen eye for detail, I'm committed to turning your wedding day into a work of art. My goal is to capture the genuine emotions, candid moments, and exquisite details that make your wedding day truly extraordinary.
